

Glass _____

Wouldn't you rather have the choice...

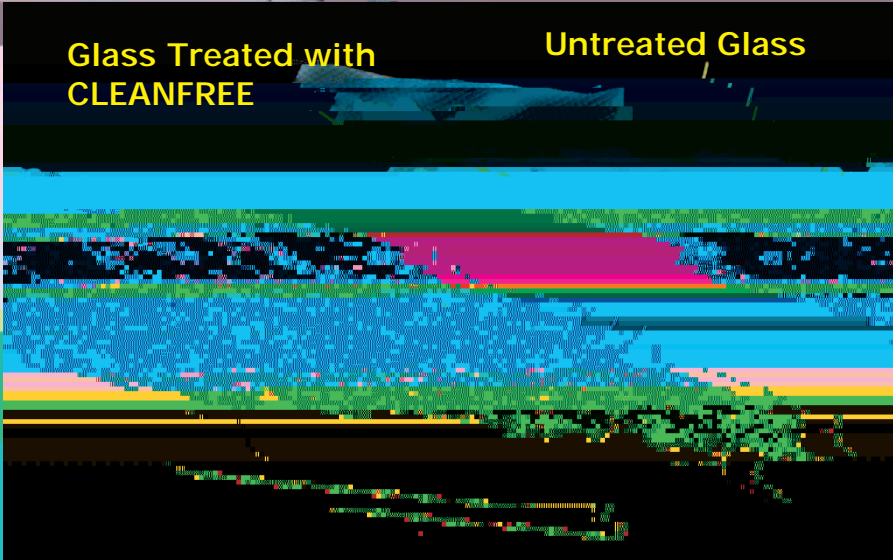

Maintenance Free • Glass Protection

Glass

Glass Treated with
CLEANFREE

Untreated Glass

What is Clean Free Glass..

Clean Free Glass is a revolutionary new glass treatment that provides a long-lasting, clear, and streak-free surface. It is designed to repel water, dirt, and grime, making it easier to clean and maintain. The treatment is applied to the glass surface and creates a protective layer that lasts for up to 12 months. This means you can enjoy a clear and clean view through your windows and glass doors for a long time without the need for frequent cleaning.

Benefits
